

Investment management service

Policy holder information form for trusts, charities, companies and other entities

Please read and complete this form before signing pages 28 and 39 and returning it to your Investment Manager who will forward to your provider for signature where necessary.

This questionnaire is to enable Rathbone Investment Management Limited to establish that the investments decided upon by your Investment Manager are appropriate for the policy holder's attitude to risk and for the duration for which the policy is intended to be held. It will not form part of any investment selection other than giving general guidance to the Investment Manager as to the policy holder's general attitude to risk.

The Investment Manager is acting on behalf of the policy provider and retains the absolute discretion to select the actual investments to underpin the policy, but will take into account the policy holder's attitude to risk when selecting the investments. The Investment Manager will not accept any instructions from any policy holder or a financial adviser acting on his or her behalf to purchase, sell or retain a particular investment.

You will also receive the following documents detailing the terms under which we will operate the Portfolio on behalf of your policy provider:

- Terms of Business
- Conflicts of Interest Policy
- Best Execution Policy
- Schedule of Charges
- Schedule of Interest Rates
- Understanding Investment Risk and Return document

For information on how this policy is covered by any financial compensation scheme, please contact your policy provider.

As part of our personal service we ask you to provide details of your personal and financial circumstances to enable us to ensure our services are suitable for you and to manage your investments in line with your requirements. If your circumstances or your requirements change in the future, we ask that you notify your provider or Investment Manager in writing.

If there is anything you do not understand, or you have any questions, please contact your Investment Manager before you sign and return this document.

If you would prefer, your Investment Manager will be pleased to help you complete it.

7 Overall investment policy

Please answer EVERY question in this section.

Rathbones' investment policy seeks to respond to the financial needs you outline. We need to ascertain your broad investment objectives, knowledge and experience of financial instruments and the degree of risk that is acceptable to you. We generally look to build diversified portfolios, invested across a range of asset classes but predominantly in equities and bond markets.

The majority of our clients are looking to invest over the medium to long term and accordingly would expect the value of their investment Portfolios and the level of income produced to fluctuate.

With regard to risk, whilst the aggregate Portfolio should perform in accordance with your parameters, individual securities within a Portfolio may experience higher or lower fluctuations in value.

7.1 Proposed investment period

What is your entity's investment time horizon?

- More than 10 years
- 6 - 10 years
- 3 - 5 years
- 2 years or less

7.2 Why are you investing?

Please do not leave this question blank.

To derive a suitable investment strategy for you we need to understand the reasons behind your decision to invest. In as many or as few words as you wish, please use the space below to provide a general explanation of why you are investing. This could be as simple as 'investing for long term growth' or 'to provide an income for the charity'.

In addition, we also need details of any specific purpose(s) for which the Portfolio is likely to be used e.g. purchasing property.

General explanation

Specific purpose

We recognise that your circumstances may change over time, affecting the Portfolio strategy that we agree with you. Over the lifetime of your Portfolio it is likely that we will agree strategy variations with you to meet your changing requirements. Should your circumstances or goals alter, we therefore ask that you send any information you feel may impact on the strategy agreed to your provider, so that they may consider it when providing services to you.

For trusts, current UK legislation (the Trustee Act 2000) imposes a requirement on trustees to have in place a policy statement providing guidance to Investment Managers which we request that you provide.

Portfolio management

7 Overall investment policy – continued

The asset classes referred to here may be broader than those permitted by the provider of the policy you have invested in. Rathbones will be restricted by the limitations imposed on us by the provider.

For details of any restrictions your provider has stipulated please contact them directly or through your adviser.

7.3 Asset classes that may be used in the portfolio

We need to establish your understanding of how different asset classes may be used in the construction of your Portfolio to ensure it is suitable for your circumstances. In signing this form you are agreeing that we may incorporate the full range of asset classes within your Portfolio as part of managing it in accordance with your specified Investment Objective(s) and Risk Level(s).

When we construct your Portfolio, subject to the investments permitted by your provider, the range of assets will normally include equities (either individually or in collectively managed funds, covering both UK and international markets), fixed interest stocks (such as Government bonds and corporate bonds) and cash. Historically, equity based investment has delivered the best long term returns and therefore, it often forms a considerable part of our client portfolios; however, it is the asset class that can exhibit the greatest risk or volatility. Consequently, you should consider this when deciding your Investment Objective(s) and Risk Level(s).

To increase diversification in portfolios we may include a wider range of investments that are sometimes referred to as alternative assets. These are designed to reduce volatility and, hence, risk. There are many different types of alternative assets, but they may include fund of hedge funds and structured products, as well as investments such as commodity or property funds.

Portfolio management

7 Overall investment policy – continued

7.4 Investment objective

In section 8, you will be asked to indicate the Investment Objective for each of your Funds. The possible options are:

- a Capital growth priority**
Income requirement will not be a prime consideration and emphasis will be placed on investments considered to have longer term growth potential.
- b Balanced between capital growth and income**
A combination of (a) and (c) designed to produce growth both in capital and income (albeit at a lower level of growth and income than might be achieved in (a) or (c)).
- c Income priority**
Income considerations will be given priority over and above the long-term prospects for capital growth, which may result in the erosion of the purchasing power of capital.

7.5 Risk level

In section 8, you will be asked to indicate the Risk Level for each of your Funds. A description of our investment strategies for each of our risk levels 1 to 6 are:

Strategy 1

This strategy is applicable to a portfolio where the investor has a low risk tolerance. It aims to generate a return over time which exceeds the return available on cash deposits. Ideally, we would like to achieve this with much less fluctuation in value than major equity markets. Investors with such a portfolio are likely to be concerned about the possibility of losing money. This type of approach can be suitable for investors with a shorter time horizon. However, investors with a long time horizon for investment may be able to accept a higher exposure to equities than that shown.

Strategy 2

This strategy is applicable to a portfolio where the investor has a relatively low risk tolerance. It aims to generate a return over time which exceeds the return available on cash deposits. We expect reasonable fluctuations in value, but generally expect these to be lower than for major equity markets. Investors with such a portfolio are probably somewhat concerned about the possibility of losing money. This type of approach can be suitable for investors with a shorter time horizon. However, investors with a long time horizon for investment may be able to accept a reasonably high exposure to equities.

Strategy 3

This strategy is applicable to a portfolio where the investor has a medium risk tolerance. It aims to generate a return over time above the rate of inflation. We expect fluctuations in the value of the investments and expect these to reflect much of the performance of major equity markets. The portfolio may therefore include a significant exposure to shares. This type of approach can be suitable for investors with a medium time horizon and who can tolerate a temporary or, rarely, permanent capital loss. Investors with a long time horizon for investment may be able to accept a relatively high exposure to equities.

Strategy 4

This strategy is applicable to a portfolio where the investor has a medium risk tolerance. The portfolio is similar to the balanced, multi-asset approach adopted by many investors. It aims to generate a return over time above the rate of inflation. We expect fluctuations in the value of the investments and expect these to reflect most of the performance of major equity markets. The portfolio may therefore include a substantial exposure to shares. This type of approach can be suitable for investors with a medium time horizon and who can tolerate a temporary or, sometimes, permanent capital loss. Investors with a long time horizon for investment should be able to accept a relatively high exposure to equities.

Strategy 5

This strategy is applicable to a portfolio where the investor has a relatively high risk tolerance. It aims to generate a return over time well in excess of inflation. We expect the value of the investments to fluctuate significantly, usually reflecting the behaviour of equity markets. The portfolio will likely include a high exposure to shares and may incorporate relatively high risk investments or be less diversified. The portfolio may have little exposure to asset classes that are considered to have lower risk characteristics. This type of approach would be suitable for investors with a longer time horizon and the capacity to suffer a temporary or permanent capital loss.

Strategy 6

This strategy is applicable to a portfolio where the investor has a high risk tolerance. It aims to generate a return over time well in excess of inflation. We expect the value of the investments to fluctuate significantly and that this could more than reflect the volatility of equity markets. The portfolio will likely include a high exposure to shares and may incorporate high risk investments or be less diversified. The portfolio may have little exposure to asset classes that are considered to have lower risk characteristics. This type of approach would be suitable for investors with a longer time horizon and the capacity to suffer a permanent capital loss.

8 Fund opening

Before completing section 8, we recommend that you read our documents Understanding Investment Risk and Return and Our Investment Strategies. If there are any aspects of our risk definitions and their implications and our investment strategies that you do not understand, it is important that you seek clarification from your Investment Manager.

Please complete for all policy holders.

In this section we ask about the Funds you wish to open. It is necessary that you understand what we mean by the key concepts of objectives and risks, as set out in section 7. Therefore, please ensure that you have read and understood section 7 of this form.

Please tick one Investment Objective and one Risk Level for this Fund and sign the box below to confirm your instruction. Please do not leave this section blank.

	Risk Level	Investment Objective
	1 2 3 4 5 6	Income Balanced Growth
Main Fund	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>

I/We confirm the Portfolio should be managed under the above Investment Objective and Risk Profile.

I/We approve of and understand how different asset classes may be used in the construction of the Portfolio including equities (either individually or in collectively managed funds), fixed interest stocks (such as Government bonds and corporate bonds), cash, hedge funds, structured products, property funds and commodity funds, as described in the paragraphs above.

I/We understand that the range of assets is subject to any restrictions placed on the Portfolio by my provider.

I/We approve of and understand that we cannot direct you to purchase any specific investments on my/our behalf in the construction of the Portfolio and that all investment decisions will be made by you after taking into consideration my/our approach to risk.

8.2 Reporting

Note that the availability and distribution of reports and online services is determined by your provider. Subject to that periodic reports are available to clients and Connected Persons notified to us in this form or separately in writing. We will provide periodic reports in printed format and/or online, subject to additional terms of business for online access. We may provide reports to any person(s) named in this form from time to time upon request.

Individual contract notes will not be provided for discretionary funds by default. Details of all contract notes will be included in the online and printed valuations. However, if individual contract notes are required as well, please discuss this with your Investment Manager. Should you specifically require dispatch on a next business day basis or you require contract notes to be sent to your employer for compliance purposes, please discuss this with your Investment Manager.

Where you have provided us with Connected Persons (see section 9) for reporting purposes, we will exercise our discretion in relation to the provision of reports to those persons.

A Connected Person is added to our records for reporting purposes only, and we will not release anything other than up to date valuation and transaction information, periodic reports or tax reporting material to them without your express consent in writing. If you would like a Connected Person to be more active in the management of your Funds; would like them to have wider access to information; or would like them to instruct us on your behalf, please speak to your Investment Manager. Further documentation may be required in these circumstances, including identity and address verification for your Connected Persons.

We will only provide online access reports to any client or Connected Person where an email address has been provided for the recipient.

8.3 Valuation frequency

Valuation statements will be provided on a quarterly basis on 5 April, 30 June, 30 September and 31 December. If you require a valuation statement on 31 March please notify your Investment Manager.

8.4 Online service

Please tick if you would like to sign up to the online service. If yes, please ensure you have provided your email address in section 4.

11 Client verification – Entity/Individual

Please ensure that all copies provided are clearly legible. A document may not be used to satisfy more than one requirement i.e. the same document cannot be used to verify both your identity and your address.

Information requested in this section is required for:

- Settlers
- Beneficiaries with an entitlement of 25% or more
- Trustees
- Directors
- Instruction-giving authorised signatories
- Shareholders with a shareholding of 25% or more.

Please note that a minimum of two trustees, directors or other authorised officers must sign this document for it to be valid. They must be listed in section 4 and must provide identity verification documents as per this section.

Please note that the information provided below applies to all clients and is not comprehensive.

For clients unable to provide the verification documents listed below, your Investment Manager will be pleased to explain alternative documents.

11.1 Getting your documents certified

We are required to verify the identity and address of every prospective client, both individuals and entities, by obtaining suitable certified documents. Certification may be performed either by a Rathbones staff member or a third party as follows:

Rathbones certification

You can bring the appropriate original documents (see below) with you to a meeting with your Investment Manager who will take a copy of the originals and complete the certification process for you.

Third party certification

If you prefer, and where we have not met you, certification can be performed by:

- a professional whose occupation is governed by the Money Laundering Regulations such as an FCA regulated individual, SEC regulated individual, bank or building society official, solicitor, notary, or chartered accountant;
- a General Medical Council registered medical practitioner;
- the Post Office Identity Document Checking service;
- an embassy, consulate or high commission officer in the country of issue.
- a General Dental Council registered dental professional; or
- a councillor.

They will need to view the original document and:

- for original photographic ID documents the certifier will need to write the following words on a copy of each document to be certified:

“Having seen the individual and identification document, I certify that this is a true copy and the photograph is a reasonable likeness.”

- for original documents which are non-photographic in order to verify an address, the certifier will need to write the following words on a copy of each document to be certified:

“I certify this to be a true copy of the original document seen by me.”

In both circumstances above, the certifier should then sign, date and print their full name and add:

- occupation/former occupation, if retired;
- professional body registration number in order for us to check against public registers;
- address;
- contact number.

11.2 Trust/Company agreements

Please provide an original or certified copy of the following documents which are required when not all of the trustees/directors are signing the form.

- Copy of minutes appointing Rathbones as investment manager
- Copy of resolution confirming full authority of signatories to sign on behalf of the applying entity (for trusts and charitable trusts this should be signed by a quorum of trustees)
- Full list of all trustees or directors and all other controlling persons including date of birth, residential address, nationality and Tax Identification Number (TIN) e.g National Insurance Number.

11.3 Trust agreements

Please provide an original or certified copy of the following documents. Not applicable to company agreements.

- Trust deed
- Trust investment policy statement¹
- Trust accounts or latest financial statements (if applicable)
- The most recent deed of appointment and retirement

11.4 Company agreements

Please provide an original or certified copy of the following documents. Not applicable to trust agreements.

- Copy of certificate of incorporation
- Memorandum and articles of association.
- Latest financial statements

¹ Current UK legislation (the Trustee Act 2000) imposes a requirement on trustees to have in place a policy statement providing guidance to Investment Managers which we request that you provide.

Portfolio administration

11 Client verification – Entity/Individual – continued

11.5 Trade union agreements

None of the above documents are required. Instead please provide the following.

- Trade union rules book

11.6 Charity agreements

If the charity is governed by a trust deed, please refer to section 11.3 above. If the charity is registered with Companies House, please refer to section 11.4 above.

11.7 Documents that verify identity

For EACH individual listed please verify their identity by providing at least ONE of the following. Either the original to be certified by Rathbones or a copy certified by a third party.

- Current passport
- Current full, or provisional, photocard driving licence¹

In the event that you do not hold a passport or photocard driving licence please provide ONE of the following.

- UK HMRC tax notification or foreign equivalent²
- UK Government based correspondence or foreign equivalent duly translated using a Rathbones appointed translator³
- UK Pension book or foreign equivalent

11.8 Non-UK resident beneficiaries

Please provide the following:

- A certified copy of either a non-UK beneficiaries' passport or document which includes an overseas Tax Identification Number (TIN).

11.9 Documents that verify address

Please provide at least ONE of the following for each person listed. Either the original to be certified by Rathbones or a copy certified by a third party.

- Current full, or provisional, photocard driving licence¹
- UK HMRC tax notification or foreign equivalent²
- UK Government based correspondence or foreign equivalent duly translated using a Rathbones appointed translator³
- UK Pension book
- Recent utility or council tax bill⁴
- Bank, building society, credit union statement/passbook (not older than 3 months)⁵
- Mortgage statement from recognised lender²

- 1 The paper counterpart of the photocard licence is not acceptable. Old style provisional licences are also not acceptable.
- 2 Not older than 12 months.
- 3 With relevant reference details e.g. date of birth or National Insurance number.
- 4 Utility bills must not be over 3 months old (printed online utility bills or mobile telephone bills are not acceptable). The local authority council tax bill must be for the current year.
- 5 Not older than 3 months (printed online bank statements are not acceptable).

12 Declarations and signature(s)

To be completed by the policy holder(s).

12.1 Acceptance

I/We understand and acknowledge that Rathbone Investment Management Limited is bound by the contractual requirements of the provider, as legal owner of the funds, and those requirements may take precedence over this agreement and the Rathbones Investment Management Limited Terms of Business. The provider or its agent(s) may instruct Rathbone Investment Management Limited to act without reference to me/us as Policy holder(s).

12.2 I/We have signed page 28 to confirm the Investment Objective and Risk Level to be applied to this Portfolio.

12.3 I/We consent to Rathbone Investment Management Limited's dealing and best execution arrangements and acknowledge that on some occasions when Rathbone Investment Management Limited passes an order to another party for execution, the counterparty may execute the trade outside a Trading Venue.

12.4 I/We acknowledge that Rathbone Investment Management Limited is not my/our general financial adviser or pensions adviser, and any tax information provided is in the context of the investment advice and services offered. Rathbone Investment Management Limited is the principal trading company and a subsidiary of Rathbone Brothers Plc, and is a bank.

12.5 I/We have read all of this Policy Holder Information Form and I/we confirm that I/we have provided full and accurate information on my/our personal and financial circumstances in order that you may manage the investments accordingly. I/We understand the service that is being provided and that Rathbone Investment Management Limited may decline to act on my/our behalf in the event that the information provided is incomplete.

12.6 I/We confirm that I/we have full authority to sign on behalf of the trust/company and if all trustees/directors¹ do not sign, a resolution authorising us will be provided.

12.7 Data protection

I/We acknowledge that Rathbone Investment Management Limited will process my/our Personal Data (as defined in the Terms of Business):

- a to manage and/or advise on my/our investment Portfolio and provide related services, as detailed in the Terms of Business in order to perform obligations under any contract between Rathbone Investment Management Limited and me/us;

- b as set out in Rathbones' Privacy Notice for clients, as may be amended from time to time which can be found at rathbones.com/privacy; and
- c in order to comply with any court order, request from or referral to an appropriate authority, or legal, regulatory or good practice requirement.

Rathbone Investment Management Limited will never share your data with any external organisations for any other purpose not detailed within our Terms of Business or Rathbones' Privacy Notice for Clients, as may be amended from time to time.

12.8 Where you provide Personal Data relating to others (e.g. your family members), you confirm that you are authorised to provide this information to us and for us to use in accordance with this Agreement.

12.9 Service updates

From time to time Rathbone Investment Management Limited may provide to you, including hard copy or in electronic format, communications and updates with regard to the services provided to you, where that is essential for the provision of those services under the Agreement.

12.10 Marketing

From time to time Rathbone Investment Management Limited may wish to communicate with you with regards to services which are similar or related services to its core investment services. If you do not wish to receive these communications, please advise your Investment Manager in writing. Rathbone Investment Management Limited will never transfer your personal data to any external organisation for marketing purposes.

Please note signatories must also sign on page 28.

If there is anything you do not understand, please contact your Investment Manager before you sign and return this Agreement and associated forms.

Please note that trustees or other authorised officers as listed in section 4 and who have had their identity verified as per section 11 must sign this document.
