Statement of the cumulative effect of costs and charges on your investments

1 January 2022 - 31 December 2022

Portfolio R00000	Portfolio name Mrs A Client, Main ISA	value £ 972.275	value £ 904,219	Risk level 4	-5.67	-5.67	0.00
		Start date	End date		Simulated gross of all costs return	Net return	Cumulative effect of costs and charges on investment returns

This statement shows the annualised effect of costs and charges on the performance of the individual funds within your portfolio.

Simulated gross of all costs return is the return before all costs and charges, net return is the return after deduction of Rathbones costs and charges. Rathbones management fees are charged quarterly in arrears and are debited after the quarter end date. The calculation shown here is based only on the fees debited in the reporting period. Where management fees or other charges are transferred to another fund to be paid they will appear in the calculation for the paying fund rather than for the fund in which the charges were incurred.
